## Mom and Pop Take Over Gould

### CLASS CONTESTS SPARKS BIGGEST ATTENDANCE EVER

With the dawn of Saturday, October tenth, came Parents' Weekend, 1953, although many students were lucky enough to have had their parents arrive on Friday. All day Saturday and Sunday Gould's campus was crowded with parents and friends of its students.

After lunch on Saturday parents, students, friends, and interested spectators streamed on to the athletic field where each parent registered with the class secretaries and received a name tag denoting his or her name and the student's whose guest each was. At two o'clock, with the bleacher seats filled to capacity and the sidelines crowded, the band broke into the strains of "The Star Spangled Banner" and at its close with a blow of the whistles, the game between Gould Academy and Norway High School had begun. And what a game it was! The most important article is the final score which was 12-6 in favor of old G. A., but it must be mentioned that the boys really worked for that score. Probably their biggest incentive was the knowledge that "Pop" and "Mom" were in the bleachers.

Following the game all parents were invited to the William Bingham Gymnasium where refreshments were served. A fine attendance of both day and boarding students were present there.

Also following the game all students and student guests were welcomed to Holden Hall where everyone danced, sipped cider, and ate doughnuts, served by members of the Student Council.

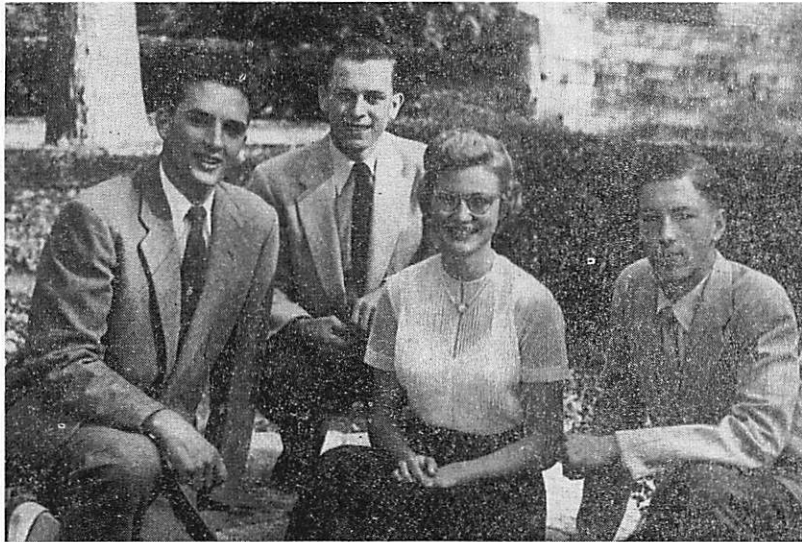

At 5:30 the doors of the Gehring Hall dining-room were opened to admit the students of the senior class and their parents to a delicious buffet supper. At 5:45 the juniors and their parents entered. The parents of sophomores with their charges came in at 6 o'clock and last but not least, with a large

### CLICK KIDS SHOW PICS

An exhibition of more than 100 pictures was presented the Camera Club Saturday, October 10, as part of the "Parents' Day" program. The pictures were displayed in the basement of Holden Hall throughout the day and evening. Mr. Foster, of the Science Department, is supervisor of the Club. Carter Taylor and Lionel Coulombe did most of the arranging. Featured in the exhibit were 26 panels of photographs that have appeared in the ACADEMY HERALD during the past eleven years. The photos displayed in the 1952 HERALD were shown for the first time.

Of special interest were a group of photographs. These are pictures made without the use of a camera. The remainder of the exhibit consisted of enlargements on a variety of subjects. Among these were: "Behind the Eight-Ball," by Mark Rines, a picture of a group of boys trying to make a hard shot in pool; "Ouch" by Robert Storey, a picture of the reaction of a stunning blow to the jaw in boxing; "Canadian Rockies" by Martin Bovey, Jr., an awe-inspiring winter scene in the Canadian Rockies; "Balance," by Mark Rines who had several other fine pictures exhibited. The latter picture showed five gymnasts performing in the field house.

The parents also enjoyed visiting the dark room where all the photos of the Camera Club are prepared.

SENIOR CLASS OFFICERS: Carmen Pettapiece, Lionel Coulombe, Donna Anderson and Paul Fossett.  
—Gould Camera Club Photo

attendance of parents, were the freshmen. All in all the approximate number of people served at this supper was four hundred. This number, we are happy to say, included many day students as well as boarding.

At 7:30 P. M. a special Parents' Day program was held in the William Bingham Gymnasium. Lionel Coulombe, president of Student Council, was the Master of Ceremonies. The audience was first entertained by a fine rendition of Nola played by Frank Flint on the piano. Then, after a fine welcoming address by Headmaster Ireland, the junior-senior Girls' Glee Club gave a remarkable performance of two lifting melodies titled Bold Wolfe and Pretty Jeanette, respectively. Then with the lights down, colored slides were shown, the subject matter being campus scenes and activities. This bit of the program was narrated by Gail Waldron.

Following a peppy general sing, lead by Mr. Ireland and accompanied by Mr. Thompson, a Grand March ensued, the floor crowded with marching family groups. Then to the music of the vic mothers and sons tried their dancing skill together. Everyone did remarkably well and Van Gale and his mother were decided to be the smoothest dancers. A father-daughter dance followed, with Marlene Marshall and her father the winners. The next dance was dedicated to the winning class in Parents' Day attendance, the seniors.

To conclude one of the best Parents' Days ever, general dancing was enjoyed by parents and students alike.

Although many parents stayed until Sunday, thus ended officially the special activities of Parents' Weekend, 1953.

### STUDENT COUNCIL ACTIVITIES

Always a busy organization, the Student Council is already working on a number of projects which will benefit the school, and it has many more in mind. The officers of the organization for the year were elected as follows: Lionel Coulombe, president; Gail Waldron, vice-president; Donna Anderson, secretary; and Peter St. Lawrence, treasurer. Besides these

officers other members of the council are Bill Daley, Phil Rowe, Dianne Watson, Pat Allen, Bartlett Hutchinson, David Willard, Clea Waldron, and Sandra Myers. Although the freshmen members have not yet been chosen, plans are being made for the election.

Feeling that not enough activities were provided for students staying at school over the noon hour, a committee of four has been chosen from the student to make plans for such. Any suggestions along this line would be greatly appreciated.

Refreshments will be served by the council to the opposing football teams as well as our own immediately following all home games, and also snacks will be sold at the cafeteria during Friday night dances. Volunteers to help sell at such times would be gratefully accepted.

Plans were made for increasing the school's supply of dancing records, fifteen records having been ordered thus far.

Also, the plans for the Christmas Formal which is sponsored by the Student Council are already brewing, and following the new activity plan, a large crowd is hopefully anticipated.

Remember students, your Student Council members represent you; any suggestions or objections are appreciated.

### TOWNIES LUNCH IN DORM

Starting September 14th, Mr. Ireland invited the town students to have noon lunches at the Girls' Dormitory with the boarding students.

The intention of this program is to help promote a closer relationship between the dormitory and town students. It will also give the town students a chance to see a phase of dormitory life at Gould.

Each student receives a written invitation and he is also attended at lunch by an escort.

This program is being carried out in alphabetical order starting with the Senior class. Five girls and five boys are invited at one time for a one week period. This same system will continue throughout the school year for the four classes.

Our thanks are certainly extended to Mr. Ireland for making such a program possible.

### FRESH AIR FIENDS

#### TACKLE WASHINGTON

Saturday, Oct. 3, dawned on 24 Mt. Washington conquerors; a better day could not have been wanted. After breakfast, everyone piled into the bus with Mr. Richardson who was in charge of the group plus Bob Lingham and Curtney Mead, our guides and also our "pack horses." With everything ready the bus rolled away from Gould at 7:30 a. m.

Promptly at 8:45, the bus pulled into Pinkham Notch. With Bob and Curtney leading the way, the ascent was started.

The group kept together and everyone arrived at the Tuckerman's Shelter at 10:00. From there we all proceeded up the ravine, and by a waterfall we had lunch. After lunch we climbed up the rest of the ravine and finally reached the top. The view was simply out of this world. We could see Lake Kezar and the Vermont mountains. Everyone felt the toil and struggle were certainly worth the effort.

After a well earned rest, we all started downward. By jogging along at a steady pace we reached the bottom in a happy, tired state. Our many thanks to Mr. Richardson, Bob, and Curtney, for leading us up, for without their co-operation, the trip would have been impossible. We all had a super time climbing New England's highest summit, and plan to conquer it again next year.

### LE CERCLE FRANCAIS

Le Cercle Francais under the direction of Miss Hale has made big plans for this year. We have opened the ranks to any student taking French 1, 2, and 3, the meetings to be held the meetings to be held on alternate Wednesdays.

Our officers, Gail Waldron, president, Van Gale, vice-president, Mary Anne Myers, secretary, and Nancy Willard, treasurer, have held several organization meetings and presented ideas for prospective activities this year. Among the ones we have accepted are Christmas Caroling in French, a French Club Party, planning a French Club Assembly, and a huge French nightclub party to be given in the gym for the entire student body, complete with atmosphere, food and entertainment.

### Four Aces to Play Seniors' Winning Hand For 1953-54!

October 7 saw the seniors filing through the French room to cast votes for the four class officers to serve them throughout the ensuing year.

The position of president will be filled by Paul Fossett. Paul received his elementary training at Bethel Grammar School. He has been very active in his three years at Gould, serving as president of his class during his freshman and sophomore years and being a member of the Student Council for the first three years. He is sports editor for the Blue and Gold of which he has been a member for three years, having also served three years on the Academy Herald. Paul was manager of cross country during his junior year and is now co-captain of basketball, having received his letter in basketball and baseball. He is at present treasurer of the Chapman Club of which he has been a member for the past three years. He was also a member of the French Club and the Camera Club.

Paul has the prestige of having been elected to the National Honor Society during his junior year and of having been on the honor roll ever since his entry at Gould.

Our vice-president is Lionel Coulombe who has been an all around student since he entered Gould as a freshman. Three times a Student Council member, he is now president of that organization. He is also a member of the French Club and the Blue and Gold staff.

In the line of sports he has been on the baseball team for two years and received his letter his junior year.

Lionel has been especially active in working on class projects, being one of the wheels behind our Carnival.

Our secretary is Donna Anderson who attended Bethel elementary school and entered Gould as a freshman. Donna has been secretary of her class for four years and is now secretary of the Student Council. She is at present president of the Girls' A. A. of which she has been a member for three years. She has been active in sports serving as manager of the girls' basketball team her junior year and manager of tennis her sophomore year. She has also played her numerals and letter her sophomore year. She has been a member of the Outing Club and participated in the class skits.

The treasurer is Carmen "Skip" Pettapiece who entered Gould at the beginning of his junior year having attended Deering High in Portland, Maine, his freshman and sophomore years. Skip has been active in many fields, playing varsity football two years, receiving his letter his junior year. This year he is captain of the track team and is also interested in skiing and basketball. He has been a member of the Boys' Glee Club and the Varsity Glee Club, also serving in the Congregational choir.

Two other activities which claim Skip to be in their midst are the band, in which he played last year, and the Outing Club.

During our meetings we will sing French songs, play games, work on projects and study different phases of French culture. C'est la vie, n'est-ce pas?

## EDITORIAL

### A Bird's Eye View

We are so involved in the hustle and bustle of school life that we sometimes lose all sense of perspective, dejectedly struggling away with problems we are too near to for accurate analysis. Plodding along like ancient Chinese students, we memorize a lot of jumbled facts and figures, hoping someday the light will dawn and we'll discover their true meaning and that in the meantime our superficial knowledge will get us by.

I think the root of most of our troubles is lack of logic and lack of perspective. We fail to connect parts according to their importance in the whole. We try to memorize rather than to understand and thus the important becomes so immeshed with incidental that it is hard to discern what is truly significant.

If we could get far enough above it all mentally, everything would assume its proper size and significance. Petty facts would shrink to size and major events would emerge as important. As in an airplane or on top of a mountain we could view the matter as a completed puzzle, seeing the pieces for what they are and noting their connection to the whole.

It is this complete comprehension for which we should strive for when you really understand anything, it is indelibly impressed on your mind, whereas memorized facts are fair weather friends—here today and gone before the exam tomorrow!

M. A. M.

### They Haunt Us Still!

Although school started off successfully with a new batch of seniors, the memory of last year's grads was in their minds. Let's take a look at those ex-Gouldites and see what paths they follow now.

David Ault said he had a swell summer with his parties and fun but has now settled down to college life on the Bates campus. Already he has joined the choral society and is in the band.

Cleo Stinchfield has joined the Marines. If anyone meets up with a Wam that has pierced ears you'll know she's stationed with "Doc" Stinchfield.

Bobbie Cole, last year's able editor, is taking a course at the Pratt Hospital in Boston after a summer of hard work and fun at the Howard Johnson in Burlington, Vt.

Bobbie Dudley and Ed Hastings, known for their skilling ability, are both at the University of New Hampshire. Could it be they wanted to be near the White Mountains?

Albert Taylor has switched from bus driving to truck driving for the town this fall and winter.

Euster Brown, alias the Hot-Rod Kid, is, of course, studying to be an auto mechanic at Morrisville Ag. and Tec. Institute in Morrisville, N. Y.

Lillian Guernsey, who came up with Third Honors last year and is attending Simmons College in Boston, received second in the college English Placement Test.

Judy Lamson traveled out West this summer to Colorado Springs. Here she worked at a mountain resort called Cheyenne Mt. Lodge; she is now attending the University of Vermont.

"Smuts" Bidwell, another of Gould's outstanding students, is now majoring in Biology at Denison University in Ohio, after an enjoyable summer at home and visiting her classmates.

Gerry Galvin, believe it or not, is now working at the Bethel Inn as a cook.

Bradford Junior College in Massachusetts has been stormed with studious women, among them being Phyl Chadbourne. After two years at Bradford, Phyl plans to enter Chamberlin School of Retailing.

Shirley Bartlett is staying at home before she joins many of last year's grads in Boston to attend nursing school at the Massachusetts General Hospital.

After two months' vacation, Harley Merrill is now working for the Paris Manufacturing Company at South Paris.

Along with Dave Ault, Bates College has among its students,

## Outstanding Among Us

### GAIL WALDRON

Gail Waldron was born in Portland, Maine, on June 22, 1936. She attended school in Norway until the fourth grade when her family moved to Poland, her present residence, and continued school there until the seventh grade. She attended junior high school in Norway.

Her activities before her attendance at Gould are as follows: Orchestra, band, glee-club, vice president of her seventh grade class and president of her eighth grade, head librarian, outstanding work in 4-H on such projects as dairy and baby beef, and Girl Scouts. Gail got her start in public speaking while in junior high and she also won the Legion Award presented to the most outstanding girl for that.

Here at Gould, Gail has made a great success of all she has done and her activities are many. Here are some of them: President of her junior class, three years of Chapman Club, vice president this year, French Club two years and president this year, Dorm Council three years and she is now head of the Girls' Dorm. Gail has been on Student Council for four years and is vice-president this year; other activities are as follows: four years of band and glee club, three years of outing club, varsity glee club, orchestra, camera club, debating club and the operetta, "Hulda in Holland."

As we all know one of Gail's outstanding abilities is her public speaking. This she has stuck with for four years. Some of the competition she has entered is the following: Gould, with first prize, twice in the county, Lydia Spear three times, once with second in the dramatic division, original oratory at University of Maine with second place; at Colby she ended up in the finals and under the direction of Miss Kimball again this year we know she will do a good job.

Gail is undecided about future plans; she wants to go on to college and perhaps enter into the doctor's profession or administrative education.

She has certainly proved herself as a true friend to all and we wish her the best of everything during her last year at Gould and for many years to come.

### NEW ORGANIZATION

The very new organization, "The Spanish American Society," met Wednesday, Oct. 7, in Holden Hall to elect officers and adopt a title. Miss Dragonas, the club advisor, presided over the meeting giving many constructive ideas for future projects and the always lively Spanish Fiestas. The election results were as follows: Frank Flint, president; Nancy Tallion, vice-president; Mary Jane Goodloe, treasurer; and Sandra Hatch, publicity director. The club's vice-president, Nancy Tallion, is quite a figure in the organization. Now a resident of Honduras, she has spent most of her life in Latin American countries, speaks Spanish with that romantic South of the border lilt and cuts the rug in a spicily tango. Her authentic information about Spanish customs and ways of life will lend much atmosphere to the club.

The purpose of the Spanish American Society is to promote a better understanding of our neighbors to the South, to create closer relations with them and to encourage a wider interest in the Spanish language here at G. A. The club would be happy to have anyone who, though not talking Spanish at present would be interested in it for another, inquire about the club, come to a meeting and generally make a few "amigos" among the Society.

Three other Gould grads, Marie Mills, Susan Kneeland, and Henrietta Swain.

In the next issue of the Blue and Gold there will be more news about the Class of '53!

### PAUL FOSSETT

Paul Clayton Fossett, the newly elected senior class president, is the son of Mr. and Mrs. Clayton Fossett. He was born March 29, 1936 and has lived in Bethel all his life except during the summer months when he stays at Pemaquid.

Paul started school here in Bethel under the guidance of Mrs. Bisbee, as so many of the students here have.

In his past three years at Gould Paul has ranked as one of the highest in his class and last year was chosen as a member of the National Honor Society here at Gould. Paul's interest and faithful practice on the old licorice stick won him a place in band and orchestra these past three years and this year he was elected treasurer of the Chapman Club. Also, his ability to write helped him become a member of the Herald for four years and the Blue and Gold on which now he is Sports Editor.

Paul has been out for basketball and baseball for three years and last year was elected as one of this year's co-captains of the basketball team. Without a doubt we'll see him in both these sports again this year.

Paul, as many of you know, was present of our class when we were freshmen and sophomores. We are sure he will do a good job this year and we wish him the best of luck.

## The Headmaster's Corner

### WANTED

Constructive suggestions about activities and a program which will interest and entertain students that remain at school during the noon hour.

Remember this, too, we will want students' help in organizing and developing the suggestions you may present so be practical and your ideas will be considered with care.

The following was read at the beginning of school this year and at Last Chapel, last spring and has been asked for by several students since. Therefore, I am presenting it in my column—it is not original and the author is unknown.

### Things That Count

Not what we have, but what we use; not what we see, but what we choose. Those are the things that mar or bless the sum of human happiness.

The things nearby, not things afar; not what we seem, but what we are. Those are the things that make or break, and give the heart its joy or ache.

Not what seems fair, but what is true; not what we dream, but what we do. These are the things that shine like gems, like stars in fortune's diadems.

Not what we take, but what we give; not as we pray, but as we live. These are the things that make for peace, but now and after time shall cease.

## LOCAL PROFESSIONALS SPEAK ON CAREERS

Dr. Boynton gave a very interesting talk on "Medicine as a Vocation" Wednesday, September 30, at the morning assembly. The first thing he talked about was the requirements for being a doctor. Some necessary things are personality, stamina, health, stability, and endurance, because of the long grind going through the many years of training. Other things that he stressed were being near the top of the class and having a balanced schedule. Dr. Boynton said that a B. S. or a B. A. was required for most medical schools, preferably from a college or university of high standing, which would make it easier to get into medical school. The medical schools put a lot of emphasis on the recommendation from the college. Only one in nine accepted; about ten per cent of those are girls.

There are several disadvantages in being a doctor. You have to go through about ten to thirteen years of college, medical school, and internship before you can set up your own business. You have to be able to give injections, stand the sight of blood, and see seriously injured people. The hours are very long, and the work is very tedious at times. The cost is about \$25,000 until you finish training. As in any public job, you have to take a lot of responsibility as well as a lot of criticism.

There are also many advantages. You are your own boss and you can choose where you want to set up practice. The pay averages from ten to twenty thousand dollars a year. Also, you have the feeling of accomplishment and being a useful citizen, which you certainly are!

This is the first of a series of talks given by men, successful in their own vocation, intended to give Gould students

Mr. John Carter of the Maine Legislature, retired executive of the Brown Company, member of our Board of Trustees, and a prominent citizen of Bethel, spoke before an assembly on Wednesday morning, Oct. 7, on "Politics as a Vocation."

After coming here from Canada, Mr. Carter was elected to the State Legislature. He has worked on the Taxation Committee, and four years ago, was selected for the Legislature Research Committee which makes studies of different subjects and reports on them to the incoming legislature.

Mr. Carter stated that when he first entered politics, he was aided a great deal by older members from Oxford County. He also said that politics is an interesting study of human relations and of compromising and working for the state as a whole. He stated that many legislatures are inclined to be too sectional and added that the same thing applies to the National Legislature as well. He stated that everyone should work for the good of the state and the nation, and that our motto was a very good one to follow, in politics as in other vocations.

Ideas for the future, which will be presented in the Blue and Gold.

## Welcome to Gould's New Teachers

We are fortunate this year to have a new member on our faculty, Miss Phyllis Dragonas, Spanish and social studies instructor.

Miss Dragonas attended Salem Classical High School taking the scientific course. After high school she majored in Romance languages, and literatures and minored in German. She also took a course in French literature at Harvard. She holds such degrees as the Bachelor of Arts, which she earned at Boston University, Master of Education earned at Boston University Graduate School, and has credit toward her doctor's degree.

Miss Dragonas' position here at Gould Academy was first introduced to her at Boston University. Soon afterwards she made a trip to Bethel and at once was greatly taken-in by the beauty of the countryside and our extremely lovely campus. Gould suited her scholastically to the fullest extent, and she was extremely pleased to be able to begin her teaching profession in such a highly reputable school.

Miss Dragonas has many outside interests. She enjoys all sports, is recreational director of arts and crafts for the city of Salem in the summer, is very fond of and interested in music, plays the piano, enjoys extensive travel, and has the extremely interesting hobby of stamp collecting.

Having in her scope of knowledge the five languages of Spanish, German, French, Greek and English, we are sure Miss Dragonas will have much to add to the benefit and interest of Gould Academy.

### MUSICAL ACTIVITIES

The music department is now under full swing, starting off with the reorganization of all glee clubs. Incidentally, this year's Glee Club is rumored to be one of the finest ever.

One of the highlights of the musical activities on the campus was the brilliant performance of Alfred Krips in William Bingham Gym Thursday, October 1. Mr. Krips is the first violinist in the Boston Pops Orchestra and everyone who enjoys classical music certainly enjoyed his exciting program. As announced, the music was distinctly "long-hair", but the audience contained more than a

Last year on one of those beautiful sunny fall days Miss Hale, our new French teacher, arrived for an interview at Gould Academy unaware that she was to become a member of the faculty the following year.

Miss Hale attended Colby College where she received her Bachelor of Arts degree majoring in French with Spanish and English for Minor subjects. She spent last summer studying literature at the University of Poitiers in Tours, France, and traveling through England, Scotland, Ireland and Belgium.

Miss Hale's interests are many. She enjoys all sports, traveling, sailing, music appreciation and art. It has been noted that she enjoys studying the paintings of French impressionists.

With her knowledge of the Romance languages and her enjoyment of all sports we know that Miss Hale will contribute much to Gould.

few people who had come out of curiosity and left with a different opinion of classical music.

The band gave its first performance at the first home game Saturday, October 3. Also a tag day was held to raise additional money for band uniforms.

The Chapman Club held its auditions this past week and undoubtedly will present more than one program of interest during the year.

Considering the comparatively few weeks we have been at school, we can say without doubt or hesitation that the music season has started off with a very promising outlook for the future.

PLUMBING AND HEATING

# Under The Cupola

Who's the character you're writing to in Santa Monica? Don't they call him the "C. D. M. Kid"? How about that, Val?

Lowe, what ever inspired you to buy that plastic duck in Portland?

It's rumored that certain members of third hall love to change their rooms around at 8:30 in the morning. Those show-ers can be awfully cold kids.

What's so special about the weekend of the 24th?

Why do you pour over that map of Germany so avidly every night, Gail?

Practicing high dives on the gym floor can be dangerous. Can't it Jeanie?

Isn't it silly how little things like moths can terrify certain kids? You love moths, don't you Dianne?

We hear that Hallie and Val are testing their magic tricks on Miss Dragonas. You girls should know better than to pick on poor, defenseless teachers.

Some girls can't seem to stand their rooms after lights. Are you afraid of the dark Marty?

What happened to Maine last Saturday Jo?

The odor of sulfur seems to be awful thick after lights. Unfortunately the teachers seem to think so too. Don't they Clea and Martha.

Who are the kids that get your special service of being tucked in every night Liz?

Sarah, did you get any good pointers on how to fall down Mt. Washington the right way from that movie?

Judy you always seem to be buying rubbing alcohol. Are your ears really that sore or does everyone use your's up?

If you see a truckload of "squeegies" at the girls dorm you'll know that Patti is at it again.

Liz, that wasn't very nice of you to get poor Alan all wet, was it? Watch those loaded trays next time!

"I Went to Your Wedding". Ha-Ha-Hee-Hee Ho-Ho etc. Yes, folks, it's only the waiters listening to Spike Jones. By the way what happened to Beetle-bomb?

What's this about two Gouldites typing up articles without naper? Bless you Martha for helping out a good cause. Hope you weren't late for class!

Girls, I must say our Congo Church Choir was very free with the liquid called H2O last Sunday! Whatta' matter?

Miss Hale, I'm sure you can find a good use for your nine toothbrushes! Ah, c'est a vie!

Galla, were our eyes deceiving us or was it really you we saw representing the 1920's. Pretty raunchell!

Miss Dragonas, glad to see you're one of us! It didn't actually hurt did it? We'll be able to tell you're a Gouldite no matter where you go!

Ludwig, watch it you don't crack your cranium by your shower escapades!

Marlene, Pat and Willie why such red faces and Mary Ellen what was that you were babbling about?

Van, why-oh-why do you insist on being a Democrat when everyone else is a Republican in your history class?

What's that you were moaning about Nancy? And by the way have you been listening to Dragnet lately?

I heard some of you girls found that Mt. Washington is such a mole hill after all.

Some people just can't resist the color red. Isn't that right Jo!

Well, Bill, you're almost as good as Skip, but a little more practice and you'll both have Mr. T. all beat. Oh—Yes!

I noticed that the day it was announced there were to be shots a lot of the freshmen turned green and what were all those queer noises? Come now kids. They weren't bad were they?

Hey, Mary Anne, where's Shasta? Oh! I see. She-has-ta have gas and oil.

Hey kids! I really didn't want to be a doctor, did you? I'm afraid of dying old age before I get there.

My gosh! I never knew girls sang tenor before, but you learn something every day they say.

Jodrey, old girl, don't forget to collect your dollar! It may come in handy "n'est ce pas"?

Mimi, you have competition on the giggling angle, right N. J.?

Ye-o-s, Lou, it isn't hard to distinguish you from our other girls is it? No-o-o!

Fred, you've been having a little trouble with the boys in your corridor. How come? That blueberry pie, those peanuts, and Corey's cookies made an awful looking mess in your room!

Pierre, what was that thing you found in your bed?

Carter, that's a pretty good crystal ball you've got. Let's have a prediction on the football season!

Don't cry, don't despair, Wendell. Just think! Edney might turn out to be another Thomas Edison!

Budge, the boy with "the shy, quiet personality," is having trouble warding off the advances of the opposite sex. How two roommates can be so different beats me!

Freshmen—take Painter's experience as a lesson to you all—don't come up stairs.

What ever happened to the M. I.T.F.O.L. Club? It's inactive. Maybe they need a reorganization—new blood and new officers—membership campaign!

Mr. Klunie, just what do you think of the pair of Maine woodsmen we have down in our corridor? They've never backed up all that talk, have they?

Girls, anytime you decide to have a "Ruthie cut" just make your appointments with Bette Todd and don't forget your clean up committee! Our model, Ruth Mordecai, will gladly show you the masterpiece.

Ellnor, glad to see you finally got your radio hooked up for the series. Too bad the Dodgers lost; I bet you'd like to see the Red Sox in there next year—huh?

There have been quite a few apple cores floating around the dorm lately! Know anything about it Patti and Anna?

Marty Myers, how much did you have to tip Courtney for the taxi service up Mount Washington?

Muckie, how about that "Squeegie"? Just what you wanted, eh what?

Tailon, be sure and show us your "Grand Prize" won't you? By the way, Patti, how much did you make on that deal?

Come on gals, get those legs in condition for snowy weather! Ski tips you know, and Sarah don't make the Ski Patrol work too hard will you?

# Huskies Fry Pintos, Cards, Rams on Gridiron; Runners Chase Fryeburg

## PIGSKIN PROSPECTS BRIGHT TO CONTINUE WIN STRING AFTER FIRST THREE CLASHES

This year's squad of Husky footballers, led by their diminutive sparkplug Captain Skip Melville, have eked out two wins thus far in keeping their undefeated streak of 12 games alive. Coach Scott's charges have entered both games this year as the favorites to win, this year being the first in some seasons that they have been favored over Mexico. The excellent scouting job done by the coaches seems to have been the edge the Goulds needed to win, as evidenced by the close scores of both games.

The sight of boys on crutches has again become a familiar one of the Gould campus with Larry Spinney, Skip Melville and Carl Merrill hobbling to class. Skip returned to action for the Paris game, and Spinney and Merrill, both valuable linemen, will soon return to the field.

The line, with the absence of Spinney and Merrill has been Gould's weak spot in these two ball games. Most of the substitutes for the first line are boys who have had very little experience at the game, many of them have never been in uniform before this year. The backfield has more depth, with two complete groups of boys that have played at least one year of football under Gould's capable coaching staff.

The Scottmen have shown themselves to be stronger than their opponents in the closing moments of each game. This shows the speed with which a team can be whipped into shape by Coaches Scott, Roderick, and Kailey. If the boys can keep improving at the same rate they have so far, Gould could have another season like last year's. Good luck to the team for the rest of the season!

### The remaining schedule:

Oct. 17, at Lyndon, Vermont  
Oct. 24, M.C.I. Undergraduates  
Oct. 31, Wilton Academy  
Nov. 7, Fryeburg Academy

## HUSKIES EDGE SURPRISING SOUTH PARIS FOR SECOND WIN

Gould Academy came from behind on October 3, to defeat a fighting South Paris eleven, thirteen to six.

South Paris gained ten first downs to Gould's eight. Paris passed 13 times with six being good for 76 yards. Gould passed ten times with five completions for 98 yards and made one interception.

The Cardinals scored in the first quarter when Paul LeBlanc passed successfully to Al Snow who raced 39 yards for a touch down.

Gould tied the score in the second quarter when Eddie Burnham fired to Corey who ran 58 yards to pay dirt.

## HUSKIES OUTFIGHT NORWAY ON PARENTS' DAY FOR 12-6 WIN

Gould, playing host to Norway for the big Parents' Day game, defeated the visiting team by a score of 12-6.

Phil Rowe started things off with a bang for Gould by running 85 yards for a T. D. on the opening kickoff, but an injury received several days before caught up with him and he was unable to finish the game.

In the final seconds of the first period Eddie Burnham of the home team carried the ball to the Norway two. In the opening of the second he smacked over to add six more points to the Gould score. Both extra point attempts failed.

Norway scored their only touchdown in the final period when a pass, Greenleaf to Dyer, their versatile end, resulted in a 75 yard scoring play. Norway tried to close the still remaining gap but was unable to do so.

The hard-driving Norway team outnumbered Gould on first downs, making nine to seven for the Huskies.

### Summary:

Gould (12)	(6) Norway
Corey, le	le, Dyer
Bragg, lt	lt, Twitcheil
Gale, lg	lg, Martin
Jodrey, c	c, B. Mosse
Stevens, rg	rg, R. Mosse
Pettapiece, rt	rt, Frenca
Daley, re	re, R. Dyer
Rowe, qb	qb, Greenleaf
Burnham, lhb	lhb, Ashton
Melville, rhb	rhb, Hager
Adams, fb	fb, Hawthorne

### Score by periods:

Gould	6	6	0	0-12
Norway	0	0	0	0-6

Substitutions: Gould — Brush, Blood, Budge, V. Corkum, Watson, Murphy, Willard, Merrill, Spinney, Barth, Hill, C. Corkum, Leighton, Norway—Millard, Alard, Judkins, Conant, Nickolas, R. Greenleaf, Knightly.

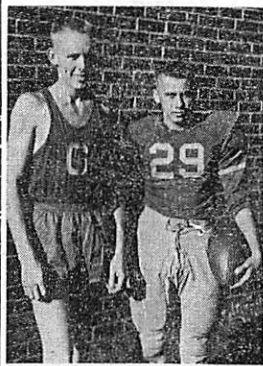

Touchdowns: Rowe, Burnham, R. Dyer.

Referee, Arnold. Umpire, Connors.

Time: 4 12's.

In the third quarter the Huskies went out in front to stay. Phil Rowe carried the ball for 38 yards to score. Then Eddie Burnham rushed over for the extra point. Neither side tallied further.

Gould	South Paris
Corey L. E.	Snow L. E.
Bragg L. T.	Hunt L. T.
Gale L. G.	DeCato L. G.
Brush C.	Russel C.
Stevens R. G.	Taster R. G.
Pettapiece R. T.	Pecknick R. T.
Daley R. E.	Jackson R. E.
Rowe Q. B.	Seely Q. B.
Burnham L. H.	Gammon L. H.
Melville R. H.	Irons R. H.
Adams F. B.	Martin F. B.

## GOULD WINS TOUGH ONE

A safety was all the Gould eleven needed to run over powerful Mexico on their opening game Saturday, September 26, on Mexico's gridiron.

After a hard struggle Captain Skip Melville and Howard Brush downed Blanchard behind his own goal line to give their team a two to zero lead in the first quarter.

All afternoon both teams pushed the other team around without going within a yard of the goal line. The teams were both very strong in the center of the line, and neither team could seem to run through the other's center holes. Most of the yardage was made through the ends and on passes. Phil Rowe connected with half of his passes while Joe Blanchard connected with only about one third of his. Mexico made a great deal more yardage than Gould did on rushing the ball and in passing it.

During the course of the afternoon both teams were hurt by the loss of players. For Gould Larry Spinney, Carl Merrill, and Capt. Skip Melville were out half of the game, while Mexico had about the same number of players out for the same amount of time.

Mexico was hurt more by their own penalties than by the injuries. They had eight penalties which were mostly 15-yard ones. Gould had just half of the penalties which Mexico had and most of them were 5-yard penalties.

On the defense Ed Burnham, Larry Spinney and Howard Brush looked very good while Phil Rowe and Capt. Melville looked good on offense.

Joe Blanchard and John Chrissikos shared the honors for Mexico.

Statistics	Mexico-Gould
Yards rushing	245 195
Yards passing	52 45
First downs	12 8
Fumbles	2 0
Opp. fumbles rec.	0 1
Own fumbles rec.	1 0
Passes	8 8
Passes completed	3 4
Opp. passes intercepted	0 2
Penalties	8 4

### The line-ups

Viger L. E.	Corey L. E.
Bordeau L. T.	Bragg L. T.
Miller L. G.	Gale L. G.
Gallant C.	Jodrey C.
Chaisson R. G.	Merrill R. G.
Welch R. T.	Pettapiece R. T.
Campbell R. E.	Corkum R. E.
Blanchard Q. B.	Rowe Q. B.
Cormier L. H.	Burnham L. H.
Horn R. H.	Melville R. H.
Chrissikos F. B.	Adams F. B.

Substitutes: Mexico — Moore, J. Gallant, Petrie, Gould — Budge, St. Lawrence, Brush, Daley, Stevens, Spinney, Blood.

## OUTING CLUB ACTIVE IN PLANNING RECREATION

The Outing Club has some good plans for this year. It started out with a bang by bringing a busload of hikers to climb Mt. Caribou in September. Plans for a cookout and a dungaree dance to be held soon

## CROSS-COUNTRY OUTLOOK DIM AS ONLY ONE LETTERMAN RETURNS: CLOSE RACE IN OPENER ENCOURAGING

### CROSS-COUNTRY TEAM SURPRISES BUT DROPS 3-POINT DECISION TO FRYEBURG

Although the inexperienced Huskies surprised everyone by running a fine race, Fryeburg won out over Gould in the first cross country meet of the season, 26-29. It was a very closely run race between our boys and Fryeburg, who were State Champions in cross-country last year. Pacing Fryeburg, in their win over Gould, was their ace runner, Ray Payne. He ran the course in the exceptionally good time of 11:25 minutes. Hamilton, also from Fryeburg, came in second in the race. Bob Lingham, who paced the Gould team, placed a close third in the meet. Palmer of Fryeburg ran fourth in the race and Harry Taylor came in fifth for Gould. Bill Coolidge, Bill Hoag, and Robert Edney placed sixth, seventh, and eighth in the meet for the Blue and Gold.

With one returning letter man and with good backing from the rest of the team they should have another good season. In their next meeting they will be journeying to Portland to run against Portland High. Let's all get out and support them and hope they come through with another Gould winning team.

### Summary:

Gould 29—Fryeburg 26.

1. Payne, F
2. Hamilton, F
3. Lingham, G
4. Palmer, F
5. Taylor, G
6. Coolidge, G
7. Hoag, G
8. Edney, G
9. Wilson, G
10. Benson, G
11. Reed, F
12. Mead, G
13. Larrow, G

With only one letterman returning, Captain Bob Lingham, Gould's Cross-Country outlook for the season is the dimmest in many years. Lingham is the only returning placer from last year's undefeated harrier squad; only five others who have had experience for running and four newcomers have tackled the grueling sport to round out a ten man squad.

With one meet already under their belts, their clash with last year's state prep school champions, Fryeburg Academy, the runners have two more scheduled races with a vague possibility of entrance in the state meet at Orono. The Huskies travel to long-time rival Portland High in their second duel and meet Stephens High of Rumford in their only home race a week later. Competition from these two triple F (large) schools is always sharp and will be especially so this year. Stephens has already won three meets and so the Panthers have the experience and confidence to continue their winning ways.

Under the capable coaching of their successful mentor, Coach Fossett, the runners held their first time trials on Sept. 30. Lingham toured the 2.7 mile layout in 14:42 to lead his teammates, Harry Taylor, Bill Coolidge, Bob Edney, Bill Hoag and Frank Benson trailed their pacesetter and all finished in under 16 minutes. Malvern Wilson, Bart Larrow, Curt Mead and David Fox crossed the line later.

### The remaining schedule:

Oct. 15—at Portland High.  
Oct. 20—Stephens High (Rumford) here.  
Oct. 23—Open.

## Basketball Officials

### Meet to Organize

### Sun-Journal League

A meeting of the Sun Journal Basketball League was held at Mexico High School on Sunday, September 26. Present at the meeting were the coaches of the 10 different schools representing the conference plus six school principals. Guy Rowe of Norway was elected president with Arthur Frew of Mexico as secretary and treasurer. Ordell Anderson, coach of basketball, represented Gould.

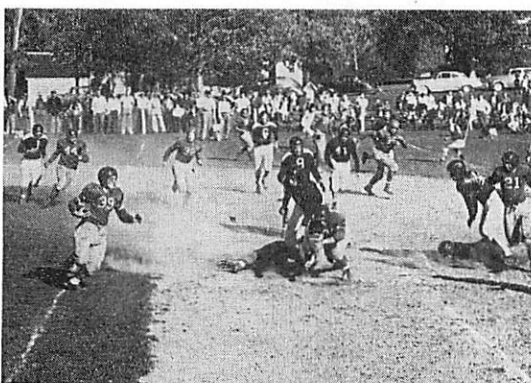

It was voted to have an Eastern and Western Division. Gould is in the Western Division along with South Paris, Norway, Bridgton, and Mexico. The Eastern Division contains Livermore Falls, Lisbon, Wilton Academy, Jay, and Farmington. The division champions will meet in a play off for the Sun Journal League championship. A complete schedule for all teams was drawn up.

At the meeting it was voted that all J. V. teams must start at 6:30 if eight minute periods are to be played. Maine Board officials must be used in all Varsity League games.

### EAT AT
